How many of the creatures or plants listed here did you spot in your nature area?

| | | | | |
|--------------|-------------|--------------|-----------|--------|
| Squirrel | Robin | Berry | Bat | Snail |
| Moss | Pigeon | Oak | Hazel | Nest |
| Hornbeam | Hedge | Elder | Millipede | Burrow |
| Habitat | Environment | Biodiversity | Holly | |
| Conservation | Woodlouse | Beetle | | |

5 Tree –tastic Facts

- 1) In a year, an average tree can remove 1 ton of carbon dioxide from the air
- 2) Through transpiration, a mature tree can pump 100 gallons of water from the ground and expel it into the air.
- 3) A family of four can get all the oxygen they need for a whole year from just one average mature tree.
- 4) Trees help cool the earth down by cooling the ground and air around them.
- 5) Hospital patients are said to recover faster when they have a room that looks out onto trees.

This word puzzle is part of one of two lesson plans available for free download at www.marchant.co.uk. Marchant Manufacturing is a UK company making refuse sacks which supports recycling, composting and good environmental practices in everything it does.
